Clay Work, a handbook for teachers, by Katherine Morris Lester. This book has been written to help teachers in acquiring the technique of clay working and to give them suggestions concerning the teaching of the several types of clay work suited to pupils in the elementary schools. It covers the study of natural forms, the human figure in relief, and the round, animal forms, story illustration, architectural ornament, tiles, hand-built pottery and pottery decoration. The book is richly illustrated with half-tones and line cuts showing processes, designs, and the work of children from ten to twelve years of age. It is printed in duotone ink on coated paper and appropriately bound in boards. ....	postpaid	1.25
